Re: RV-12 Empennage Kit Availability

Dear RV-12 builder,

RV-12 Empennage Kits are just about ready to go!

Order forms with pricing are available on our order forms page at:

<http://www.vansaircraft.com/public/orderfrm.htm>

Van's will begin taking orders for RV-12 Empennage Kits on Wednesday, November 12th at 'high noon' Pacific Time. Empennage orders will be processed in the order they are received with priority given to those customers who have already taken delivery of an RV-12 Wing or Fuselage Kit. This priority status will be effective through Wednesday, November 26th. After that date, orders will be processed based only on the order they are received.

We anticipate shipping the first RV-12 Empennage Kits on or about November 14, 2008 and expect to ship approximately 10 kits per week until we are caught up on orders. After that time, RV-12 Empennage Kits should be on hand and ready for immediate delivery.

We hope you are enjoying your RV-12 project so far. We are hard at work on the remainder of the kit and will make it available as soon as we can.

Thank you,
Van's Aircraft, Inc.
