**- VAN'S OSHKOSH 2019 TAIL/EMPENNAGE "STARTER" KITS SPECIAL -
 SHOW PRICING RUNS NOW THROUGH THE END OF AIRVENTURE**

EAA AirVenture 2019 takes place from July 21st - 28th this year, and Van's Aircraft is glad to offer new builders our empennage and tail kits at 2018 prices for the RV models listed in the table below. This pricing is available through July 28th.

We review our prices annually and make adjustments as needed, based on the changing cost of materials. While we've already made a set of small price adjustments for the year, until the end of AirVenture we're offering these empennage/tail kits at the "old" kit prices.

In addition, when you order your tail kit in-person at the Van's booth at AirVenture in Oshkosh, you'll receive an additional \$100 off. So, be sure to tell your spouse that you have an opportunity to "stack coupons" at the show (trust us, they'll be impressed!), and order that tail kit you've been dreaming about starting! You'll need to ask for the stacked discount at the time you place your order, so don't be shy. And when the show ends, this special will end as well!

See you at OSH 2019 in our new booth location – North Aircraft Display Area, Booth 604
