Great Opportunity for CNC Punch Press Operator

Van's Aircraft is looking for the right people – team players who want to join a strong, established company – to join our factory staff making aircraft parts. Positions are open for both our day and swing shifts, working 10 hours per day Monday through Thursday, with the possibility of working some Fridays when business needs arise.

Job Requirements

The successful candidate must be able to follow exact directions, have a positive work attitude, and be able to work well with others. Must be able to read a tape measure and calipers. This job requires the use of basic math on a daily basis. A background in G code is a plus. One year of CNC punch press operating experience preferred, but we are willing to train the right person with any prior machining experience.

Benefits

Benefits include health, dental, short-term disability and life insurance. We offer paid leave and a competitive wage. The company offers a 401(k) plan with company match and an Employee Stock Ownership Plan as well as financial health and wellness benefits for employees.

Salary will be commensurate with experience. Starting range is \$18 to \$20 per hour.
